

**VICE COMMODORES REPORT**

The Snow birds are in Flight.

Ann and I are leaving for Marco October 31st. We will undoubtedly be in residence there by the time you read this message.

We can hardly wait to see you all again. The summer treated us well, meaning we are still kicking and from the reports we received in the interim, all of you managed to stay above the grass as well. You can't beat that. I hope that this scenario will continue for many years to come.

Our social programs are still perkin. I just spoke to Margie H., My work filly.( I would never use the word "Horse" where Margie is concerned}. Thank God for that lady. All of us on the Board and the General Membership who volunteer their time so freely for our programs, have to promise to give her more relief in our coming year.

We discussed plans for our Christmas Patty on December 9th. It should be a fun party. My hope is that our new members of this past year will be there to enhance the festivities.
